### Please Note:

- For best results, use a fine-tip permanent marker to write details inside both products. To prevent smudging, make sure your writing is dry before closing the Hang-tag or wearing the Wristband.
- When you place the Hang-tag or Wristband on your child, explain to them why they are wearing it, emphasising identification and safety. Also tell them how it makes you feel.
- Teach your child that if they become separated or lost, that they can contact a shop/park assistant, a parent with a child or a police officer and ask for help. By showing them the Hang-tag or Wristband they can phone you and you can be reunited very quickly.
